

MESSAGE FROM THE PRINCIPAL

Dear Parents and Students,

I would like to take the opportunity to welcome you and your child to St. James Catholic School. St. James is a unique school for the sole reason of its philosophical foundation and its working relationship with the home and school. We hope that you will also find that our staff is very dedicated in providing your child with the best Catholic Christian education possible.

Our faculty, highly competent and professional, is looking forward to working with each of you and assisting you in every educational adventure. The main purpose of the school in our community is to provide the students with the best possible Catholic education so that they will be able to live and work successfully in the immediate community. You have the power to determine our successes or failures. Good citizenship and honest endeavor to learn, a cooperative attitude with classmates and staff, punctuality and thoroughness are some of the factors necessary for our success here and in life.

This Parent-Student Handbook is prepared to enable us to work together in harmony and develop an understanding of our school.

On behalf of Father Schemm and the school staff, we pray that the Lord will bless all of our school family with a most successful school year. We hope that the atmosphere of the **LOVE OF LEARNING AND LEARNING OF LOVE** will be kindled in all grades preschool thru fifth.

This can be a great year, but it will not happen by accident. Let's make a commitment to be the best we can be.

Have a nice day.

Richard Guy, Principal
St. James Catholic School
